The next point is the most important – in the above screenshot you see the option come up to "Self Assign Curriculum" – this will allow the system to track you have completed the training and automatically update your account.

When you click Self Assign, this will then take you to the page where you can complete the training

It is also important that the section at the top of the page says "Self-Assigned", if it does not say this then you will need to self-assign here
